

HOMWORK POLICY

This set of summary guidelines applies to the entire school community including students, parents and teachers. We encourage the active involvement and participation of all in developing coherent approaches to this important aspect of student development.

Homework

This is work assigned by a subject teacher for completion by the student outside of school time. It may be written, oral, aural, reading, project based work or revision work. It will be challenging and purposeful and enhance pupil motivation. It should be coordinated, regular, marked promptly and accurately and followed with relevant feedback.

Rationale

The purpose of this set of guidelines is to inform the school community of the school's position regarding homework. The aim is to assist and encourage students to develop to their full potential in an atmosphere of cooperation and mutual respect. The final responsibility for satisfactory completion of homework rests with the learner. Regular homework is a valuable aspect of the learning process and contributes to the development of sound study skills. It consolidates and supplements in the work done in class and promotes independent learning and creativity. It strengthens home/school links and offers parents insights into what is being taught in the classroom.
